Sawtul Khilafah:

After experiencing the Shias' corrosive friendships, you don't need to convince me how their mind works -secrecy and dissimulation!

This should not be part of the Muslims character but sadly it is becoming an accepted trait and now we call it smart politics!

I was really ticked after hearing about the shrine of Abu lulu in Iran and celebration of the assassination of Umar(R). It is what I would call crossing the line and there is no need to prove that what kind of Muslims Iranian shia rulers really are! It is quite obvious!

I am flabbergasted at the mentality of the shias in this day and age that they still want to continue this hateful practice knowing fully well that in no uncertain terms

that regular Muslim will not put up with this nonsense! It is a historical fact that after the Prophet (s) Umar was the greatest caliph to establish the foundations of the Islamic world, rise and fall of the later dynasties notwithstanding!

And the Prophet(s) saying that if God had wanted to continue the prophesy the next candidate would have been Umar(r)!

Kismet Domino:

Faith/Courage/Liberty/Abundance/Selfishness/Immorality/Apathy/Bondage or extinction.

Sawtul, I can't believe you just posted something with subtitles by MEMRI TV!

Duende, how does that matter?

The chap stands exposed and now we all know who he works for and also why he always sells us MEMRI stuff.

The video I posted is from a youtube user called OmaralFarsi who keeps posting stuff about Shias, in this case he posted a memri video because it had English subtitles, but in any case memri has hundreds of videos of Shias too so if you think Memri supports every video on that they translate then you will come to the same conclusion that they support Shia leaders like Hasan Nasrollah and the Iranian Government.

Yeah it's funny how so many Sunnis are tricked into thinking that Iran is fooling the West!

I mean seriously, do people think that they know that Iran is fooling Western Governments but the Western Governments and their intelligence agencies dont!!!!????

My friend, either you are just absolutely goners or you are one of the smartest moles we have ever had on our site. Are you seriously trying to tell us that you don't know MEMRI role?

I already explained why I think Memri had this on their site:

Originally posted by Sawtul Khilafah Sawtul Khilafah wrote:

Memri very often upload what they call "Muslim conspiracy theories" because they want Muslims to look "paranoid" and of course for someone who doesn't know the facts the video of this Sunni Iranian appears that way, but when you know the facts (and you would if you, for example read my posts) then it makes perfect sense and you would know what he is talking about.

This is why it doesn't show the full interview.

Also if you think everything on Memri is Israeli propaganda, then you should know that they also have videos of Shia leaders like the leader and president of Iran and Hasan Nasrollah leader of "hezbollah" and Taliban and Saudis and many many many many other people.

They may be trying to USE something for propaganda purpose, but that doesn't mean they have made it.

For example on Memri they even have videos of Muslims saying 9/11 was a conspiracy. So you might ask what is their purpose and why they post this. Well because they think that such videos makes Muslims look "paranoid", it doesn't matter if it's true or not to them.

Also if you show someone a few excerpts of a video of a Sunni accusing Iran of working with Israel, then most viewers would think that the Sunni man is a "paranoid conspiracy theorist" - as I said, that is why they dont show the whole video and only

show a few parts of it.

But the reason I posted it here is that I have already explained the stuff about Iran and Israel, so it didnt matter that the video wasnt complete and I just posted it to prove that there are others who have done their own research and have come to the same conclusions that I have.

What all of us are trying to tell you is that:

Most, if not all, of MEMRI translations are mistranslations.

Do you understand that or is it just one of your kertebs like claiming to be an Afghan one day and Italian the next?

Well done, Sawtul you're almost there

You yourself have just pointed out the technique, one you are totally enslaved to: plant members of the organisation on BOTH sides of the argument, creating confusion and disorientation (which, by the way, is what your circular arguments do to most people on this forum) so it is possible to argue MEMRI are exactly what they claim to be (an independent service) but also possible to argue they are what they really are: Israeli/Zionist agents working to confuse and disorient the public as to the Muslim ummah. This is especially easy in your case (and it appears SR's) where pre-existing sectarian ideology causes friction.

You are exceedingly naive and have lost credibility by arguing IN FAVOUR

of a well established Israeli/Zionist agenda organisation, MEMRI.

Why not just post the editorial from Haaretz, or Richard Perle's pearls?

I would suggest. you should find some suitable avtar for yourself, like the eye on the dollar, the devils horns or something similar.

You are abusing this avtar, I am back in good old Spain (though you will be shocked to see my location changed to UK, as I will be there next week just for the week!!) and I am going to deal with you like those lawyers and the civil community is now dealing with the other International liar, Pervez Musharraf.
